

APPLICATION for EDUCATION ACCOUNT

To qualify for an education account you must meet one of the following criteria:

- Work for a registered education provider such as a school, college, or university.
- Accredited education service that provides services to the public (via a known out-reach program).
- Hold a valid contract for the supply of education services to a school.
- Work for a professional observatory that provides astronomy related services to schools, colleges or universities.

We require that your email reflects the education or business you represent, we will not accept applications from email addresses that are public such as gmail, yahoo, we will not respond to such applications.

Along with your application you must provide sufficient evidence that you meet the above criteria, e.g. providing a copy of your school's or company letterhead, copy of a supply contract, website and documentation of an existing out-reach program, etc. Please include this documentation as part of your application.

Please ensure you already have an registered account on iTelescope.Net

<https://go.itelescope.net/register/register.aspx>

Once your application is approved, your existing account will be upgraded to the education level membership, no subscription fees apply, all you need to do is keep your account in a positive points balance. We accept purchase orders, and are happy to offer 30 day trading terms.

Please submit your application education@itelescope.net
